

PUBLIC NOTICE

PERMIT APPLICATION: NRS 07.072

APPLICANT: Shelley Jameson
Tennessee Gas Pipeline Company
1001 Louisiana St. S-1150
Houston, TX 77002
713-420-7485

LOCATION: Rose Creek, near Selmer, TN
McNairy County 35.19416/88.65138

WATERSHED DESCRIPTION: The Rose Creek watershed includes numerous springs and wetlands flowing through agricultural/forest lands to the Hatchie River. The stream is approximately 15 feet wide with six foot banks and a boulder/cobble substrate. The vegetation along the banks of the proposed impact is low herbaceous and shrubs. Also impacted would be a small stream side palustrine emergent forested wetlands.

PROJECT DESCRIPTION: The applicant proposes to remove and replace a total of 880 feet of natural gas pipeline in two segments (100-1 and 100-2) each measuring 440 feet in length. The pipeline would be replaced in-situ. There would also be two additional temporary work spaces required temporary impacts to a total of 1.10 acres of wetlands and a single perpendicular crossing of Rose Creek. Affected wetlands would be restored upon completion by returning the area to original elevation and reseeded with native hydrophilic plants. No construction would be conducted within flowing waters.

In accordance with the Tennessee Antidegradation Statement (Rule 1200-4-3-.06), the division has determined that the proposed activity will not result in degradation to water quality.

PERMIT COORDINATOR: Brian Canada

No decision has been made whether to issue or deny this permit. The purpose of this notice is to inform interested parties of this permit application and to ask for comments and information necessary to determine possible impacts to water quality. Persons wishing to comment on the proposal are invited to submit written comments to the department. Written comments must be received within **thirty days of the date that this notice is posted**. Comments will become part of the record and will be considered in the final decision. The applicant's name and permit number should be referenced.

Interested persons may also request in writing that the department hold a public hearing on this application. The request must be filed within the comment period, indicate the interest of the person requesting it, the reasons that the hearing is warranted, and the water quality issues being raised. When there is sufficient public interest in water quality issues, the department will hold a public hearing.

The permit application, supporting documentation including detailed plans and maps, and related comments are available at the department's address for review and/or copying. The department's address is:

Tennessee Department of Environment & Conservation
Division of Water Pollution Control, Natural Resources Section
7th Floor L & C Annex
401 Church Street
Nashville, TN 37243

In deciding whether to issue or deny a permit, the department will consider all comments on record and the requirements of applicable federal and state laws.
